Tutoring Experience

Over the past 15 years, I've worked with students across multiple curricula, including IB and A-Level Biology, focusing on providing personalized guidance to ensure their success. My students have consistently achieved high marks, gaining the confidence and skills necessary to tackle complex scientific topics.

In addition to school-level subjects, I've helped students navigate through challenging coursework and extended essays in biology. My diverse experience with students from various backgrounds has enabled me to adapt my teaching approach to best suit their needs, allowing them to thrive academically.

I've also worked with university students, providing support in advanced biology topics and helping them prepare for exams and research projects. My passion for biology and commitment to helping students succeed has resulted in many of my students advancing to prestigious universities.
